

Bucharest University of Economic Studies

Date: 8th of October, 2025

ANNOUNCEMENT

Bucharest University of Economic Studies is currently holding a selection process for **one Experienced researcher** position within the project „IDA Institute of Digital Assets”, project code CF 166/15.11.2022.

The employment offered for this position is part-time, with a maximum of **40** working hours per month, which may be unevenly distributed.

The gross hourly wage for this position is **241,50** lei per hour.

The individual contract of employment will be concluded for a fixed-term period of time until the **30th of June, 2026**.

A. In order to enter the selection, candidates need to fulfil the following general and specific conditions:

1. General conditions:

- a) has Romanian citizenship, citizenship of other member states of the European Union, of states belonging to the European Economic Area and/or foreign states as defined by art. 2 lit. a) of GEO 194/12.12.2002 with subsequent amendments and completions, respectively persons who do not have Romanian citizenship, citizenship of another EU member state or citizenship of the Swiss Confederation;
- b) has the minimum age regulated by the legal provisions;
- c) has full capacity;
- d) has a relevant state of health for the position he is applying for.
- e) meets the conditions of education and, where appropriate, seniority or other specific conditions by the requirements of the post to be filled;
- f) has not been convicted of a crime against humanity, against the State or authority, or of an offence committed in the course of or in connection with the performance of his or her duties which obstructs the course of justice, or forgery or corruption, or of an offence committed with intent which would make him or her incompatible with the performance of his or her duties, unless he or she has been rehabilitated.

2. Specific conditions:

- a) level of studies: higher education completed with a Phd degree;
- b) area of studies: economics, business administration, cybernetics and statistics, economic informatics, finance, statistics or similar;
- c) Other specific conditions:
 - i. Phd degree in economics, finance or other related fields;
 - ii. excellent experience in performing quantative research, preferably in the systemic risk and financial technology fields;
 - iii. knowledge of mathematical statistics, time series analysis and big data analytics;

- iv. excellent written and spoken communication skills;
- v. the ability of creating scientific ideas and working/ collaborating with the members of a project team.

Specific responsibilities:

- i. knowledge of leading systemic risk research in the financial sector, with focus on the digital assets (DA) and the blockchain technology;
- ii. knowledge of applying robust and econometric modeling techniques in order to analyze the financial markets and the systemic risk factors;
- iii. developing and implementing the research methodologies in order to analyze the impact of blockchain adopting on the systemic risk;
- iv. publishing research works and reports on the topic of systemic risk, financial markets and the DA ecosystem.

B. The selection process will consist of:

Step 1: Evaluation of the files submitted by the candidates;

Step 2: Structured interview (if there are not at least 2 candidates, the selection committee may decide to simplify the procedure and make the selection without the interview stage):

- *The date and time of the interview* will be communicated concurrently with the results of the evaluation of the files submitted by the candidates;
- *The place of the interview* will be communicated simultaneously with the results of the evaluation of the files submitted by the candidates.

The evaluation samples are eliminatory; the minimum score to be obtained for each sample is 50 points.
