

ANNOUNCEMENT

Bucharest University of Economic Studies is currently holding a selection process for **one Master's researcher** position within the project „IDA Institute of Digital Assets”, project code CF 166/15.11.2022.

The employment offered for this position is part-time, with a maximum of **40** working hours per month, which may be unevenly distributed.

The gross hourly wage for this position is **86,50** lei per hour.

The individual contract of employment will be concluded for a fixed-term period of time until the **30th of June, 2026**.

A. In order to enter the selection, candidates need to fulfil the following general and specific conditions:

1. General conditions:

- a) has Romanian citizenship, citizenship of other member states of the European Union, of states belonging to the European Economic Area and/or foreign states as defined by art. 2 lit. a) of GEO 194/12.12.2002 with subsequent amendments and completions, respectively persons who do not have Romanian citizenship, citizenship of another EU member state or citizenship of the Swiss Confederation;
- b) has the minimum age regulated by the legal provisions;
- c) has full capacity;
- d) has a relevant state of health for the position he is applying for.
- e) meets the conditions of education and, where appropriate, seniority or other specific conditions by the requirements of the post to be filled;
- f) has not been convicted of a crime against humanity, against the State or authority, or of an offence committed in the course of or in connection with the performance of his or her duties which obstructs the course of justice, or forgery or corruption, or of an offence committed with intent which would make him or her incompatible with the performance of his or her duties, unless he or she has been rehabilitated.

2. Specific conditions:

- a) level of studies: higher education completed with a bachelor's degree;
- b) area of studies: economics, business administration, cybernetics and statistics, economic informatics, finance, statistics or similar;
- c) Other specific conditions:
 - i. knowledge using qantlet.com;
 - ii. knowledge using quantinar.com;
- d) other skills:

- i. bachelor's degree in finance, economics, informatics, mathematics, data science or other similar fields;
- ii. good knowledge of FinTech, blockchain technology and energy token ecosystems;
- iii. knowledge in data analysis and modelling statistics;
- iv. solid knowledge of investment alternatives, risk management and financial field analysis;
- v. good collaboration skills in order to be able to work in an international and multidisciplinary team;
- vi. knowledge of the English language at an advanced level.

Specific responsibilities:

- i. collaborate with the members of the project team into creating meta-data, algorithms and snippets of codes;
- ii. understand the concepts of market-to-industry as a bridge between practice and modelling;
- iii. offer support into creating CL CourseLets on quantinar.com;
- iv. have the capacity to work with the IDA's project team in order to analyze and disseminate data for research publications and reports.

B. The selection process will consist of:

Step 1: Evaluation of the files submitted by the candidates;

Step 2: Structured interview (if there are not at least 2 candidates, the selection committee may decide to simplify the procedure and make the selection without the interview stage):

- *The date and time of the interview* will be communicated concurrently with the results of the evaluation of the files submitted by the candidates;
- *The place of the interview* will be communicated simultaneously with the results of the evaluation of the files submitted by the candidates.

The evaluation samples are eliminatory; the minimum score to be obtained for each sample is 50 points.
